Summary

Currently pursuing a Bachelor's of Computer Science at Abbottabad University of Science and Technology, I am leveraging my academic knowledge to further enhance my web development skills. I believe in the power of technology to drive innovation and improve user experiences, and I am excited to continue contributing to this dynamic field. I am passionate about web development and have acquired a robust skill set in both front-end and back-end technologies. With a solid foundation in HTML, CSS, and JavaScript, I have successfully designed and developed responsive and user-friendly websites and web applications. I am enthusiastic about staying up-to-date with the latest industry trends and technologies, and I'm particularly excited about expanding my expertise to include frameworks like React and Node.js.
